

Rediscover Freedom And Confidence

A powerchair from South Wales Mobility allows you to travel further, maintain independence, and participate fully in daily life.

South Wales Mobility

Independence, Comfort, and Control

At South Wales Mobility, we provide high-quality powerchairs designed to help you move around your home and community safely, comfortably, and independently. Powerchairs are ideal for individuals who require more support than a manual wheelchair, offering full control, stability, and ease of movement.

Our range of powerchairs caters to a variety of needs, from compact models for tight spaces to robust chairs suitable for longer journeys and outdoor use.

Home Assessment

Determine the most suitable chair for your environment and mobility

Product Demonstration

Hands-on trials to ensure the right fit and control.

After-Sales Support

Servicing, maintenance, and guidance for long-term reliability.
